

DESKTOP MONITORING

Buy it once. Watch every screen.

See any company computer live, rewind any moment of the workday and spot struggling machines early.

SOFTWARE LICENSE

370€

One-time payment

INCLUDED IN THE LICENSE

- ✓ The viewer, the client and the server — everything in one installer
- ✓ Automatic updates for every release of your major version
- ✓ Your choice of where the recordings live — see below

Pick where it runs

BOTH INCLUDED IN 370 €

OPTION A

On our server

We host the recordings. Nothing to install on a server, nothing to maintain.

1

client PC included

100 MB

storage included

OPTION B

On your own server

Install the server on a Windows or Linux machine in your office. Every recording stays with you.

0 € / month

server software included in the license

01

Live view of every
PC

02

Full-day replay

03

Every monitor
captured

04

Computer health
charts

Grow on our servers.

Hosting with us and need more than one computer or 100 MB of history? Pay only for what you add — two simple rates, nothing else.

COMPUTERS

1€

per client PC, per month

STORAGE

10€

per 100 GB of storage, per month

What it comes to

EXAMPLE	COMPUTERS	STORAGE	PER MONTH
